Vermont Public Service Board  
112 State Street, Drawer 20  
Montpelier, VT 05620-2701

Re: Docket 7250 -- Petition of Deerfield Wind, LLC

Dear Mrs. Hudson:

In accordance with the Board's *Order Re: Sufficiency of Petition for Conceptual Approval* (March 9, 2007) regarding Deerfield Wind, LLC's January 8, 2007 Petition to construct and operate a wind generation project in Searsburg and Readsboro, Vermont, the Petitioner hereby files an original and six copies of supplemental testimony and exhibits. This supplemental filing provides the specific details regarding the Project design – including the number and type of turbines, turbine locations, roads, and substation – as required by the Board's order and PSB Rule 5.402.

In addition to mailing the supplemental testimony and exhibits to the service list as indicated on the attached Certificate of Service, the materials will also be placed on Deerfield's website, [www.ppmenergy.com/deerfield](http://www.ppmenergy.com/deerfield), within a few days.

Deerfield Wind, LLC is pleased to provide this additional information to the Board and the parties to facilitate review of the Project. We respectfully request that the Board schedule a prehearing conference as soon as feasible in order that the case may proceed and a schedule can be established.

Thank you for your attention to this matter, and please do not hesitate to contact us if you need any further information, or to discuss scheduling.

Sincerely,

Andrew Raubvogel
